

# PC & Network Care Partners with MaxGroup Business Solutions to Keep You in Business & Get You More Business

Posted: Jul 05, 2017 10:07 AM

**"ALEXA, GIVE ME MY FLASH BRIEFING!"**

Providing increased services that help businesses increase customer traffic, exposure and revenue seems to be the perfect fit for PC & Network Care. Owner Dave Smith is committed to being able to offer his company's clients more

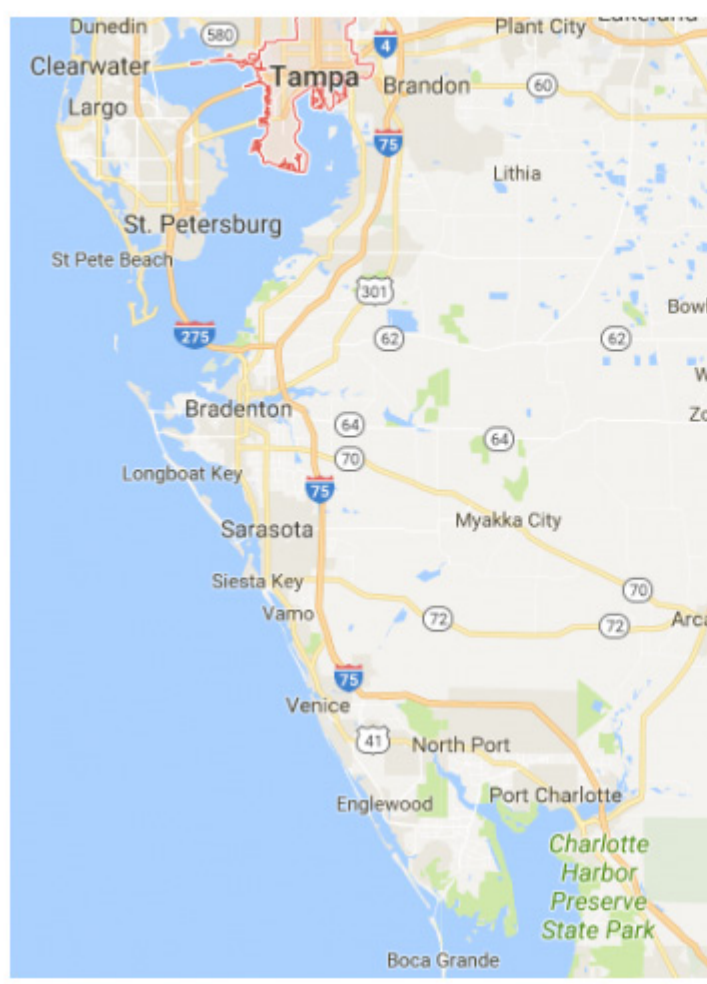

options and solve more business challenges with MaxGroup's All-In-One Digital Branding & Marketing Solutions.

Sarasota, FL, USA - July 5, 2017 - Dave Smith is the founder of [PC & Network Care](#) and is one of the first Certified Network Engineers in the country. In continuous successful operations for 30+ years, individuals and businesses of every niche have trusted and relied on PC & Network Care to keep their hardware and systems up and running for years.

Dave Smith, Owner PC & Network Care "The only computer guy you'll ever need."

Covering an expanded area of the mid-Gulf Coast in Florida, PC & Network Care has established businesses both large and small throughout Sarasota, Bradenton, Long Boat Key, Venice, St. Petersburg and the entire Tampa Bay area. Almost all their business originates from a large and very satisfied established customer base and referrals from those businesses. PC & Network Care has a well-established reputation for showing up quickly, on-time, getting networks up and running fast, and very fair, transparent and reasonable pricing.

"We are excited and proud to announce our partnership with [MaxGroup Business Solutions](#)," says Dave Smith at his networking meetings that he attends. "We have personally known the founders of MaxGroup Business Solutions for 10+ years. MaxGroup's philosophy is perfectly aligned with ours, and they have a rock-solid reputation for exceeding clients' expectations," Mr. Smith continues.

With this announcement, PC & Network Care can now offer complete business technology solutions for small to medium clientele. Creating a company website, a mobile site, providing mobile text marketing campaigns, as well as enhanced SEO, and MaxGroup's Press Release services greatly expand the reach that Dave and his company can have.

"Your success is our only objective," Dave says from the front of a large event of other business owners. "If we can offer solutions that make it easier for businesses to be found on the internet and also increase your customer base, then we are the business that helps you get business!"

PC & Network Care already specializes in a broad range of technology based solutions to help businesses increase revenue, including new computer set-up and installation, connection of all peripheral devices such as printers, routers, wireless Internet, and scanners. They are familiar with all major software packages and other protocols.

Dave Smith's reputation has been known for years that his company is the one call you make if your computer has a virus or other invasive and damaging malware, or is running too slow. "We will restore your operating systems quickly, and provide preventative measures to keep you bug-free in the future," Dave reminds the group.

PC & Network Care offers professional onsite and offsite IT support services. Now along with website design, custom menu-driven mobile sites optimized for search engines, (SMS) text-to-mobile marketing solutions, SEO services, press releases, and other digital branding and marketing strategies, they are the one call that businesses need to make.

## WHAT OTHERS ARE SAYING

"As far as I'm concerned, Dave Smith is the only honest computer guy around and the only one that shows up on call ASAP with a friendly smile and attitude. I wouldn't ever use anyone else!" - Marl Davidson, Owner, Marl & B Inc.

"I have had the pleasure of using David Smith's services on both a personal level and at the business I work at. The one word that describes David the best is integrity - he will actually tell you if it's time to replace a machine instead of fixing it - or if it's repairable he will do an excellent job at more than a fair price. So whether it's an office full of computers or just your laptop if you're looking for a reliable honest person to repair them David Smith - really is the only computer guy you will ever need." - Jeff Koch, Service Mng., Automotive Service Garage

"Dave Smith has been our computer guru since 1992 when he came to our office on a snowy Saturday in February to straighten out our computer network system that another computer person had totally botched. We have been running smoothly ever since! We wouldn't use anyone else." - Anne Delin, CPA, Bridgewater, New Jersey

"Dave is reliable, knowledgeable and provides great computer repair and other services. We wouldn't go anywhere else." - Jerry Smith, Total Coatings

"When your electronics are acting up, Dave Smith will take care of you. He's a great man." - Chris Neudecker, PuroClean

"I have used Dave Smith for help with both my office and home computers. He is very professional and his skills are at the highest level. I whole-heartedly recommend his services!" - Dr. Eric Larson, Larson Natural Health Center

"Dave Smith is a true professional gentleman that knows what to do regarding the computer. If you want your computer fixed and at a very reasonable price, Dave is the guy you want to go to." - Dr. Bob Leibold, Leibold Enterprises
